Warsaw modlin airport duty free cigarettes

The main facility at Warsaw Modlin Airport is a modern two-storey passenger terminal with an area of 13,380 m2. Everything is simple and functional, in contrasting gray and orange colors. The ergonomically arranged interior of the terminal and the clear division of zones allow passengers to move easily and comfortably due to the fact that departures and arrivals are located on the same level. Clear markings give us comfort when moving around all zones without problems and quickly get to any area we need. The building consists of two above-ground floors and one underground floor, where the technical rooms are located. On the ground floor there are 21 check-in points, 4 security checkpoints, lounges, business zones with duty-free shops and bars (both in a limited space and in a generally accessible area), 4 check-in desks, so-called on the first floor there are offices of airport staff, border guards and customs officers and ground handling. For the convenience of passengers with small children, we provided special spaces for children: in a generally accessible zone (on the first floor), in a closed zone in the departures hall and in a closed zone in the arrivals hall. In the generally accessible zone there is a shop, café, kiosk, ATMs, vending machines for drinks and snacks, currency exchange, machine for carnival tracks and vending machine for tickets, modlinbus stand, car rental. Passengers have access to free Wi-Fi in all areas of the terminal. In summer it is too hot, in autumn or winter - a person freezes to death. Thursday, January 7, 2016 My opinion may be a little influenced by the day of departure. Since it was January 1, the airport was very empty and all airport services were very smooth and fast. Monday, February 1, 2016 Store prices are too high to be reasonable. Everything else ok - this is not a huge intercontinental airport. It just fits the purpose of the travel budget. Wednesday, February 10, 2016 Najgorsze lotnisko na świecie! Nie dał Panie wyładować as jest zimno albo leje deszcz. Bańd pewien, zmokniesz i zmarzniesz!!! Wole zapłacić dwa razy więcej za bilet to tylko there nie ładować! Tuesday, March 1, 2016 Worst airport I've ever been to. There's one major problem: you have to wait to board standing outside, in an open space with heavy wind, rain and cold. It is not a problem only in winter, because it happens about 10 months due to the Polish weather ... Thursday, May 5, 2016 Worse airport I've ever been to. Security check rude and unpleasant. I was almost late for my flight because they wanted me to buy a fucking plastic bag for my only 100ml perfume. Never again! Wednesday, May 18, 2016 In my opinion, this is the best airport in Poland. There are many bus carriers to Warsaw and other cities. Check in was quick. There are some shops. Tuesday, October 25, 2016 Drugie Warszawskie lotnisko, całkiem fajne. Dobry dojazd from miasta KM lub Modlinbusem. Check bezpieczeństwa szybka i sprawna (wtorek, drugi lot), without jakiegokolwiek kolejki. WiFi szybkie i darmowe. W sklepach drogo, standard as on lotniskach. Monday, December 5, 2016 Very poor and narrow airport. You have to spend about 15 minutes outside under the shed in winter as well. Don't expect much. Cheap as the only airline operated from Modlin. Wednesday, December 28, 2016 Moving the pax advance from terminal to plane is terrible. Pax wait both 20 outdoors when the temperature is -7 C !!! Re: English cigarettes at the airport idols? 4 years ago Yes, they have some English cigarettes in a small duty free at the airport - there is also a smoking stand opposite. I couldn't help with exact brands or prices, though, as I usually get L&M in the city center before getting back to the airport. 3 posts 3. Re: English cigarettes at the airport idols? Re: English cigarettes at the airport idols? A few years ago, the allowance changed to 3200 . It's 800 now – but you can take more if you can prove personal use. It's a very unclear & in my opinion an unfair decision. 7.
