Copyright © 2020 InfoSpace Holdings, LLC, a System1 Company It was just a Kendall Jenner Jenner officially teamed up with Kylie Jenner, her beauty mogul's little sister, for the collaboration to end all collaborations. That's right, start stacking the coin and save up that side hustle cash because the Jenner sisters are coming for your new year's financial resolutions, one lip kit at a time. On Thursday, Kendall made an appearance on The Ellen DeGeneres Show where she continued to throw it back to her cheerleading days along with the cast of Netflix docuseries Cheer. It was a total surprise for the supermodel, who told DeGeneres that she is a big of the show and the entire Navarro College cheer squad. But the real surprise came when Kendall revealed that she is working on a make-up collection with Kylie. We're really excited, Kendall said. We haven't made one yet, I'm the last sister, or the last family member, I think. So, why did it take so long for Kendall to get on the billion dollar Kylie Cosmetics train? Well it turns out that even if it's family, business issues can get sticky when dealing with potential conflicts of interest. I had a contract before with another makeup company so now I'm able to do it, Kendall shared, likely alluding to her partnership with Estée Lauder, which many in the industry have called buzzy but ultimately failed. Maybe I'll wear some of it tonight. We're going really big because I'm her full blood. We take it seriously, Mike Coppola/MG19/Getty Images Entertainment/Getty ImagesKendall remained mum about all the details surrounding the collection, so it's anyone's guess as when Kendall x Kylie collab will officially release. What we do know is that just like everything else this family does, their first ever beauty partnership will be closely monitored. Judging by Kylie's previous collections with great sis Kim Kardsashian and mom Kris Jenner, there will be pooh-lenty of beauty items to enjoy. Keep up with the latest daily buzz with BuzzFeed Daily's newsletter! A recent episode of Keeping Up with the Kardashians has really changed the way fans see Kylie Jenner. Although the Jenner girls are usually quieter of the KarJen clan, Kylie and Kendall Jenner ended up in a knock-down, pulling out the fight after a night out in Palm Springs. Fans used to see Kylie as the cute, hard-working sister, having now seen a uglier side to the Kylie Cosmetics mogul. Fans are beginning to think she's really just a self-centered snob who couldn't be bothered to make sure her own sister had a ride home. A sister who's down for her family? Kim Kardashian. Kim Kardashian Was There for Kendall Jenner During Her Fight With Kylie Jenner Kim Kardashian West | Axelle/Bauer-Griffin/FilmMagic Kim stepped in and acted like the big sister she is during Kendall and Kylie's fight, and it has fans watching her in a new light. Just like fans are now Kylie as more selfish, they begin to realize Kim was always a kind, caring sister. A fan on Reddit posted about how when Kylie and Corey were ready to kick Kendall out of the car and leave her at a gas station, Kim saved the day. Fans loved how Kim made sure her own security went to get Kendall, and Kim stayed on the phone with her to make sure she got home safely. But some fans were not surprised. They believe that Kim has always proven to be a caring sister, and an overall good person. As one wrote, all I've ever heard of Kim is that she is actually very nice and professional. Fans believe Kim Kardashian may have PTSD from her Paris robbery Other fans believe Kim's reaction may be more of a result of PTSD. In 2016, Kim was the victim of an armed robbery in Paris. The ordeal was scary. In a recent interview with David Letterman, Kim described how the robbers tied her up and put duct tape over her mouth and eyes. Kim thought she was going to be raped, and probably murdered. But even then, Kim thought of her sister Kourtney, who was out with her bodyguard. Kim told Letterman: 'I was thinking about Kourtney, I was thinking, like, she's going to come home and I'm going to be dead in the room and she's going to be traumatized for the rest of her life. Kim has admitted that the robbery made her paranoid, and she increased her security detail significantly. Anyone would be traumatized after such an incident, and fans believe that's why she would never let her sisters be alone in public without security. One fan commented she likes having PTSD (I would too) and gets freaked out by any security issue or breach. Kim Kardashian may have been worried about Kendall Jenner having a stalker RELATED: KUWTK: Khloé and Kylie's relationship has evolved into Fans Favorite Duo It's not just the robbery that may have had Kim spooked. Kendall had a stalker at one point, and fans think that's another reason why Kim was so quick to bring her own safety to Kendall's side. Fans believe that the background around the situation only makes Kylie look worse. As one fan put it, Kendall has had stalkers, and she was in Paris with Kim and Kourtney when Kim was robbed. Kylie was extremely bad for leaving her unsure of knowing all this. Fans may think Kim looks better than ever after her reaction during Kendall and Kylie's struggles, but the truth is she has always been a caring sister. As her thoughts during her ordeal in Paris prove, even before the robbery she constantly thought about the well-being of her sisters. Kylie should follow her lead. The dust may have settled after Kylie Jenner and Kendall Jenner got into a big fight, but the newest clip to keep up with the Kardashians shows that things were worse between them than anyone would have guessed. Kylie Jenner Kendall Jenner | Neilson Barnard/Getty Images Kendall and Kylie got into a big fight during a family trip to Palm Springs. Kendall and Kylie clashed and their fight unfolded on the October 8 episode of Keeping Up With the Kardashians. Kendall was initially upset with Kylie when she wanted to wear one of Kourtney Kardashian's clothes but Kylie took it for herself to wear. Things escalated and, at night's, the two got into a physical fight after Kylie refused to drive her sister home. Kendall said Kylie put her heel in [her] f*cking neck and Kylie said Kendall f*cking hit [her] first. RELATED: KUWTK: Kris Jenner Wants Kylie and Kendall Jenner to Have It Out After their huge Fight Jenner sisters didn't talk to each other in a teaser video for the Nov. 5 KUWTK episode, fans get an insight into the fallout after the two sisters got into a fight. Kendall revealed that the two hadn't spoken in a month, so you know there was a bad thing between them. I've never heard from her, not even a little, which is rare, Kendall tells Kris Jenner, Kim Kardashian West and Khloé Kardashian in the clip, adding, It's been almost what? Khloé confirms: It's been about a month. Kendall explains what was a pretty big fight with her sister, and ant seen. It's been a really long time and I haven't heard from her. It's really weird, we've never gone this long without talking. Khloé explains that she teased Kylie after an argument and was surprised to receive an unpleasant response. I sent her a text and I said, 'So, how long are you going to talk to Kendall for?' And she kind of snapped at me. Kim said she got a similar reaction from Kylie. I told her on the phone and she just yelled at me, she says. Kendall gives her sister the benefit and says she thinks Kylie feels attacked right now and Khloé shares how Kylie thinks Kendall should apologize to her because she hit her first. Kendall, however, doesn't look quite the same as Kylie. First of all, I didn't hit her first. But it doesn't matter because that's not the point, she explains. Kris shares in a confessional that she finds it very, very upsetting that Kylie and Jenner don't speak, given the stress of the coronavirus (COVID-19) pandemic. Ever the voice of reason, Khloé urges Kendall to step up and apologize so they can move on. You both need to know that life is short and that we need to take our ego and pride out of this, Khloe tells her. And just say, 'Kylie, I'm sorry for my part in the disagreement.' And then she should say, I'm sorry for me. And then, guess what? We can move on.
