Virus prank app

This is a prank app!!! Don't show nudity or similar content!!!! Fool your friends with this app. The installed app icon is displayed under the adult app name. When the app is launched, it displays a spoof system problem, with a spoofing format, and deleting data. PLEASE NOTE: To Get rid of the app you need to type in the upper left corner of the screen>This never works in any way to harm your phone and never delete any day from your phone<keywords: prank, virus, system crash , funny ACCORDING to US Page 2 ACCORDING to america Surely just by looking at the title of the article, you would think it should be hackBe more experienced in creating a virus on someone's Android mobile phone and tablet. Well, I inform you that no. We agree that it takes a few steps, but they are really simple, do you want to learn them? I promise you will, so COME ON! Steps to create a fake virus on Android mobile phones or tablets How you can create a virus harmless to a partner's computer to play a joke, you can also do it with your mobile phone if you want. If you also want to learn how to do it on tablets, you are in the right place, let's continue! For this purpose, we only have to use an app that is easy to download and use, such as Virus Maker Prank. This app will be our ally to do what we want to do. With it, you can design a stand out screen that will simulate a dangerous attack caused by a virus on the mobile screen. This is very easy, but before continuing I want to leave you with this that would interest you: How to create a harmless computer virus using notepad? citeia.com Ok now, let's work! First we will download Virus Maker Prank, but how? Once we have the Android mobile phone or tablet that we will act on, we go to the Android Play Store icon and determine its location. We've got the first step ready. The only thing that can stop you is that for security reasons, the owner of the mobile phone or tablet has it blocked! If not, we continue with the plan. Now we will download and install the App mentioned above. Once the process is ready, we start the app by contacting our finger, where it says open that should have appeared on the screen. Once we have in front of our eyes the screen of the Virus Maker Prank we play on Create the first virus. You will find it at the bottom of the screen of android mobile phone or tablet. Ufff, we're almost ready, Do you see how easy was it? Now let's choose the fake virus used from the list that will appear at the top of the mobile phone. This app allows us to slide to both sides to choose the one that looks best for us. Already here, we customize the way in which we want our fake virus to work on mobile phones or tablets, using the menus that will be provided at the bottom. Among the changes you can make are font types, you can also manage how long the App will among others. Recommendation: Tips to prevent a computer virus Now yes, we will END To end with our goal, we hit where it says preview->Run virus --> start, to put the application into action. There may be a licensing request from the app to manage Android commands. Don't worry about anything, accept it and be ready to laugh at the reactions of your colleagues. How to remove fake viruses from your Android mobile phone or tablet? It's very easy! To be able to disable it, you just have to go to the notifications, select the appropriate one, turn it off and DONE. As we mentioned earlier, it is not difficult to create this fake virus. Now, with evildoers if you have to be very conscious and more on your computer and tablet. That's why we recommend reading the following article that will help you know how to be protected: Why use an antivirus? citeia.com, I hope you enjoy learning how to create fake viruses for jokes. In this way, to protect your Android mobile phone, I recommend always downloading the app only from play store or reliable source.
