Part of that was our boss's boss who demanded we're back for a 1pm probably all-hands, this for an employee who worked many years on a successful project ... but it is not in degree. What a bizarre place, walk to counter, pay you \$10.11... for lunch buffet, walk five foot hand your ticket to person who walks you to your table while you have you think I'll go to the buffet line first. We think their intention was to make sure you didn't spread beyond the alloyed table for our group. The place was pretty empty otherwise, but oh well, I suppose a bus tour could arrive soon. The buffet itself was... Cold. e.g., cold French fry in one station. nothing was heated. Just a bad day? Too early at 11:30? Someone forgot to turn on the heat? The food wasn't bad, nothing big, I'll admit I did seconds and there were some things I liked, but it was just cold. I mean room temperature cold. Otherwise, the place was clean, the buffets were well spread apart so you could move around so it would at least be well organized so I wouldn't downgrade 'em to one star. It's not the type of place I go anyway, so to say I won't be back doesn't carry much weight, but ... I won't be back.
