We were already aware that we shouldn't expect high-class sushi, although we sat down on a table with sit and picked out the menu. The wait was nice, and the part was fine. Tasted was a bit medium and not cut clean sashimi. Choosing sashimi with sushi costs about 25 euros per person. From I just have to say something there's already enough of it on the table. Review by Guest of Wednesday, 08/28/2019 at 17:55Review: 4 (4) Running sushi is simply a great concept. If it tastes as good as KiKO, it's better. However, you should book sometimes when there is more happening, otherwise a variety of dishes will suffer. I love going here! Sunday Guest Review, 21.07.2019 at 8:45 Review: 4 (4) The service is very friendly and the food is definitely very good. You can sit in the sushi bar or sit outside at your table, in summer also outside. Ordering by card takes a little longer. But that's okay.) From Saturday's guest, 06.07.2019 at 23:34 Rating: 1 (1) Despite repeated hints that we wanted vegetarian pasta without meat. We got 3 whole parts with meat. Great we ordered them to take them and then no one went to the phone to complain, although according to the opening time it should be open until 11 o'clock. My children were happy to go to bed hungry in the evening. Review by guest of Monday, 24.06.2019 at 08:24Review: 2 (2) When KiKo was relatively new in the cinema, the food was great, the service was friendly and there was a lot going on. Meanwhile, the food is no longer better, and my friend and I have got nausea, vomiting and diarrhea on it. The process now leaves something that is required. You don't get a hello or a kiss, you are asked to go to the table without any motivation and then stand behind the anti yawning with your mobile phone. What are you looking for? Tastefully ok, but the option is especially for sushi is very small. My conclusion: Saturday lunchtime for 12.90 euros / good person. For the money you pay, it's a very good deal! You have plenty of possibilities to choose, warm and cold dishes. The staff there are always polite and this is where I will definitely come back. As advertised on the home, there are cold and warm Asian appetizers such as tempura, chicken, beef and duck as well as shrimp, fried pasta, and of course Japanese sushi, sashimi, sweet desserts.... I was surprised that there is tiramisu in Asia as well?! Tastely OK, a special option with sushi but... But very low. My conclusion: Saturday lunchtime for 12.90 euros / good person. More OK. More
